OLTREMATERIA SINK

This is the only sink in the world with beautiful plastering finish. Made by a skilled plasterer in Kyoto, Japan.

The plastering material "OLTREMATERIA ®" is strength and perfect water resistance. Unique and elegant luster, various colors, infinite design.

Because it's finished by the plasterer, cannot make the same one.

The item is available in two colors, but it can be made to order.

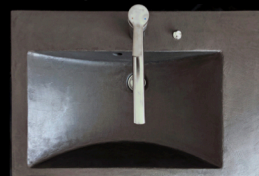

A special sink only for you.

OLTREMATERIA FOLDABLE COFFEE TABLE

It's reversible.
You can order with
any color/texture.

This wood table is originally designed by “knowledge base design”, and we finished with Eco friendly high grade plastering material “OLTREMATERIA®”

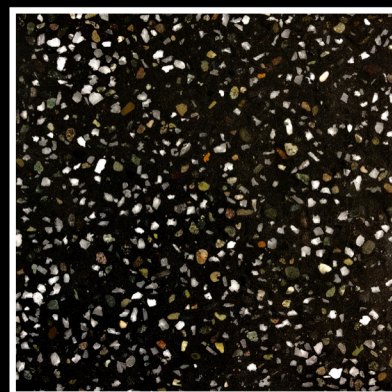

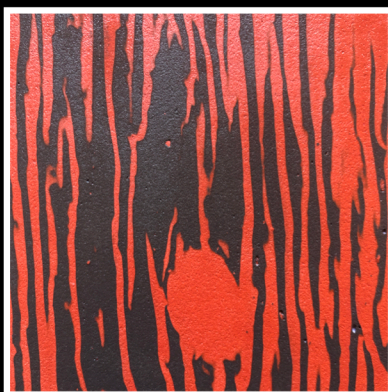

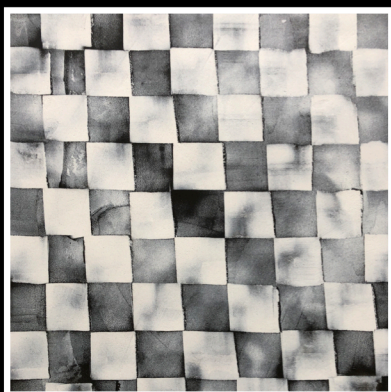

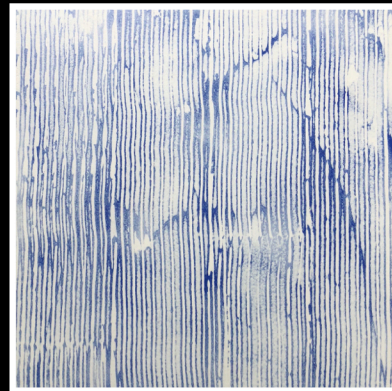

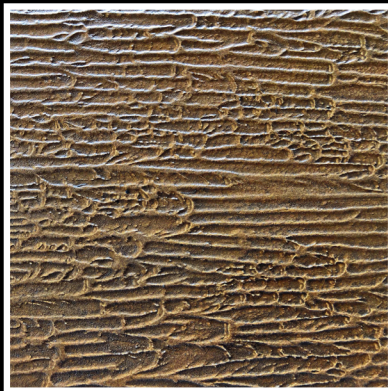

This table can be folded and easily to bring anywhere in the room. When it is folded and just lay against the wall, still looks stylish.

WHY WE USE OLTREMATERIA® TO FINISH THE FURNITURE?

OLTREMATERIA® is...

- Made from recycled natural material.
- Nontoxic, fireproof, breathable and frost-proof
- Resistant to UVA rays, great flexibility, epoxy resin free
- No indication of risk to humans and the environment
- Does not cause any sensitization by skin contact
- HACCP certified (certificate for contact with food)
